FOREWORD

Methodology

Control Union Certifications (CUC), is an international inspection and certification Audit and certification is carried out in conformity with the procedures as laid down Based on the information provided by the auditor and by the client, the certifier reviews and evaluates all information provided and certifies the products when all conditions of the regulations are fulfilled. The result of the evaluation is documented in this report and the applicable Annexes. Audit work by the auditor and certification by the certifier are clearly separated activities.

Report

This report is the result of the findings of a certification evaluation carried out by an independent lead auditor or team of experts representing Control Union Certifications. The purpose of the assessment was to evaluate the compliance of the client with respect to the standards used within the scope of the certificate. The report is made in accordance with the latest version of standard RSB-PRO-70-001. The full report can only be reviewed by authorized Control Union and RSB staff.

In case of any complaint or appeal with respect to findings and certification decisions taken by CUC, a dispute protocol and form is available on the CUC website:

<http://certifications.controlunion.com/publications> and can also be provided on request.

2.4 Stakeholder Consultation Process

In accordance with CUC and RSB protocols, consultation with key stakeholders is an integral component of the evaluation process. Stakeholder consultation takes place prior to, concurrent with, and following field evaluations. The primary purpose of such consultation is to solicit input from affected parties as to the strengths and weaknesses of the Participating Operator’s management system and operations, relative to the standard, and the nature of the interaction between the company and the surrounding communities.

Principal stakeholder groups are identified based upon the certification scope of the participating operator.

Stakeholder consultation activities are organized according to the requirements of the RSB. The table below summarizes the major comments received from stakeholders and the assessment team’s response. Where a stakeholder comment has triggered a subsequent investigation during the evaluation, the corresponding follow-up action and conclusions from CUC are noted below.
